Participant contribution and fees

If deemed necessary, the beneficiary organisation may ask for a contribution paid by the participants prior to departure. The size of the participants' contribution must be low and remain proportional to the grant awarded for the implementation of the activity, must be clearly justified, its purpose well explained to the participants, collected on a non-profit basis, and may not create unfair barriers to participation. Fees cannot be collected from participants with fewer opportunities, the beneficiary can use the cost category "inclusion support" to cover any specific needs derived from the barriers faced by these participants. Additional fees or other participants' contributions cannot be collected by other service providers chosen by the beneficiary organisation.

Are you planning to ask for any contributions from participants?

Project design

Non-formal learning

What non-formal learning methods will you use in your project? What will you do to be sure that the methods allowing them to learn are of high quality?

Preparation, support and follow-up

How will you prepare the participants before the start of the activity (e.g. intercultural, linguistic, risk-prevention etc.) and how will you support them during and after the activities?

What measures will you put in place to ensure the safety and protection of participants?

What activities are foreseen after the end of the Professional Development Activity? How will the participants follow-up on the activity?

Recognition of learning outcomes

How will you support participants to be aware of what they have learned and which competences they have developed or improved? Please remember to include the methods that support reflection and documentation of the learning outcomes in the daily timetable of each activity.

The Erasmus Programme promotes the use of instruments/certificates like [Youthpass](#) or [Europass](#), to validate the competences acquired by the participants during their experiences abroad. Will your project make use of such European instruments/certificates?

Are you planning to use any national instrument/certificate? If so, please describe which one.

Participant with fewer opportunities

Are participants involved in activities facing challenges that hinder their participation?

Virtual learning/Blended activities and use of virtual components

Do you foresee Virtual/Blended activities and/or the use of any virtual component, before, during or after the activity?

No

Environmental friendly practices

Will you include sustainable and environmental-friendly practices in your activities?

Project management

In this section we want you to describe several aspects of how you will manage your project and make sure that the participants have a high quality learning outcome. Please read the questions carefully and answer to all sub-questions.

How will you manage the project (agreements with partners etc.) and make sure that it is done in line with the Erasmus Youth Quality Standards? You will find the quality standards further down in the application form.

How will you organise the practical and logistical part of the project (e.g. travel, accommodation, insurance, visa, social security, mentoring and support, preparatory meetings with partners etc.)?

Partnerships

How and why did you choose your project partners? What experiences and competences will they bring to the project?

How will you communicate with them?

How will you monitor and coordinate their contribution?

Which other actors (organisations or individuals) will be involved and how?

Evaluation

How will you evaluate your project's success? Which activities will you carry out in order to assess whether, and to what extent, your project has reached its objectives and results?

Sustainability of the results

What will you do to make sure that your project continues to have effects also after it ends?

Are you planning measures to make sure that the results produced are used and beneficial to others beyond the project's lifetime? If yes, which ones?

Dissemination of project results

How will you make your project visible outside your organisation and partner organisations? How will you share its results and success? With whom will you share the results?

How will you involve participants in such activities?

Erasmus+ Youth Quality Standards

Organisations implementing Erasmus learning mobility activities must adhere to a set of quality standards. These standards exist to ensure quality experience and learning outcomes for Erasmus participants, and to make sure that all organisations receiving the Programme's funding are contributing to its objectives.

Please OPEN THE DOCUMENT and carefully read the Erasmus+ quality standards presented below and confirm your agreement. [erasmus-youth-quality-standards_en.pdf \(europa.eu\)](#)

Subscribing to Erasmus Youth Quality Standards

To apply for Erasmus+ accreditation, your organisation must subscribe to the Erasmus Youth Quality Standards and accept to be evaluated based on those standards. Since the Erasmus+ accreditation is valid for a longer period, your organisation's performance in maintaining the Erasmus Youth Quality Standards will also influence how much funding you may receive in subsequent years.

Please read the following statements carefully and confirm your agreement:

- ☐ I have read the above Erasmus Youth quality standards
- ☐ I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the Erasmus Youth quality standards
- ☐ I understand and agree that Erasmus Youth quality standards will be used as part of the criteria for evaluation of the activities implemented under this project
