Project rationale

In this section, you are asked to explain the aims of your project, what you want to achieve and what are its expected benefits on participants with fewer opportunities and participating organisations. Make sure to read the questions carefully and address all sub-questions.

Needs and objectives

Why do you want to carry out this project? Please describe the issues and needs you want to address and your project's objectives.

How does your project link to the objectives of a more inclusive Erasmus+ Programme and those of enabling young people with fewer opportunities to travel with DiscoverEU on an equal footing with their peers?

Target group

DiscoverEU inclusion action is specifically targeted at young people with fewer opportunities who face difficulties in participating in DiscoverEU.

Please describe the profile of the young participants with fewer opportunities that are/will be involved. Which obstacles do the young participants with fewer opportunities face?

How have the participants with fewer opportunities been or will they be selected? Please also provide information on how gender balance is ensured.

Aims

The DiscoverEU travelling experience already has a learning component in itself. Through travelling, the young people connect with their peers across Europe, and therefore develop a better cultural understanding, become more open-minded, and enhance the feeling of solidarity towards other nationalities. Participants with fewer opportunities should be involved as much as possible in the design and development of the activity(s) during their travel.

How will the topic(s) of the activity(s) chosen during their travel enhance the inclusion and learning dimension of the participants with fewer opportunities?

Expected impact

How will your project benefit the young participants with fewer opportunities involved in the project, during and after the project lifetime?

How will your project benefit the organisations or the groups of young people implementing the project, during and after the project lifetime?

Project design

Preparation, support and follow-up

How will you support the participants with fewer opportunities for their DiscoverEU travel regarding:

- Planning (e.g. travel route, accommodation, insurance, visa, social security, mentoring, preparatory meetings with the participants with fewer opportunities, etc. and activities during the travel);
- Preparation (e.g. intercultural, linguistic, risk-prevention, use of digital tools for research and planning the travel etc.);
- Implementation before and during;
- Follow-up after the travel?

What measures will you put in place to ensure the safety and protection of participants with fewer opportunities?

Learning outcomes and their recognition

How will the organisation enhance the learning of the participants with fewer opportunities?

How will you support participants with fewer opportunities to be aware of what they have learned and which competences they have developed or improved?

The Erasmus+ Programme promotes the use of instruments/certificates like Youthpass, to validate the competences acquired by the participants with fewer opportunities during the experience abroad. Will your project make use of such European instruments/certificates and how do you provide it ?

Environmental friendly practices

How will you make the experience of the young people travelling with DiscoverEU as sustainable and environmental-friendly as possible?

Project management

The purpose of this section is to assess the approach to project management and capacity to deliver high quality learning activities. Make sure to read the questions carefully and address all sub-questions.

How will you manage the project (agreements with potential stakeholders etc.) taking into account the Erasmus Youth Quality Standards relevant to DiscoverEU?

Evaluation

How will you evaluate your project's success? Which activities will you carry out in order to assess whether, and to what extent, your project has reached its objectives and results?

Dissemination of project results

How will you make your project visible outside your organisation? How will you share its results and success? With whom will you share the results?

How will you involve participants with fewer opportunities in such activities?

Project summary

Please provide short answers to the following questions to summarise the information you have provided in the rest of the application form.

Please use full sentences and clean language. In case your project is accepted, the European Commission and the National Agencies will make your summary public.

What do you want to achieve by implementing the project? What are the objectives of your project? Please specify from the perspective of youth work practice.

Erasmus+ Youth Quality Standards

Organisations implementing Erasmus learning mobility activities must adhere to a set of quality standards. These standards exist to ensure quality experience and learning outcomes for Erasmus participants, and to make sure that all organisations receiving the Programme's funding are contributing to its objectives.

Please OPEN THE DOCUMENT and carefully read the Erasmus+ quality standards presented below and confirm your agreement. [erasmus-youth-quality-standards_en.pdf \(europa.eu\)](#)

Subscribing to Erasmus quality standards

To apply for Erasmus+ accreditation, your organisation must subscribe to the Erasmus+ Youth quality standards and accept to be evaluated based on those standards. Since the Erasmus+ accreditation is valid for a longer period, your organisation's performance in maintaining the Erasmus+ Youth quality standards will also influence how much funding you may receive in subsequent years.

Please read the following statements carefully and confirm your agreement:

- ☐ I have read the above Erasmus Youth quality standards
- ☐ I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the Erasmus Youth quality standards
- ☐ I understand and agree that Erasmus Youth quality standards will be used as part of the criteria for evaluation of the activities implemented under this project
