Participating organisations

According to the Programme Guide, each organisation (i.e. each OID) can apply only once as an applicant organisation and can be included in a total of five applications for Small-scale partnerships per application round. This limit concerns all applications for Small-scale partnerships, regardless of the field and whether the organisation is a coordinator or a partner. Once the limit is reached, it will not be possible to submit further applications with the same Organisation ID (OID). If an OID reaches the limit of participations in draft and submitted applications, an email notification will be sent to the Authorised person of that OID.

This email will be listing all applications where the OID is included together with their Form ID, name of the applicant organisation, and the National Agency.

Cooperation arrangements

How was the partnership formed? What are the strengths that each partner will bring to the project?

How will you ensure sound management of the project and good cooperation and communication between partners during project implementation?

Please describe how you will use Erasmus+ platforms for preparation, implementation or follow-up of your project?

Please describe the tasks and responsibilities of each partner organisation in the project.

Activities

All the activities of a Small-scale Partnership must take place in the countries of the organisations participating in the project. In addition, if duly justified in relation to the objectives or implementation of the project, activities can also take place at the seat of an Institution of the European Union, even if in the project there are no participating organisations from the country that hosts the Institution.

In the following sections, you are asked to provide details about each project activity.

You are asked to provide information about each planned activity as a whole (e.g. its venue, duration, etc.), to define the activity's lead organisation, and optionally to list the other participating organisations. The lead organisation is typically the one organising the activity. The other participating organisations are all other project partners who will also take part in the particular activity. The estimated activity start and end dates can be changed during implementation.

Please include in the section below all planned activities and indicate the grant amount allocated to each one. Keep in mind that the total amount should be equal to the Project lump sum requested.
